Dear Parents and Carers,

As part of our summer Topic ‘Out and about’ we will be inviting Cairis Hickey from the Wiggly Wild Show to work with children to run a ‘Minibeast Workshop’ on the morning of Wednesday the 8th of May to support their learning. They will be learning about habitats, life cycles and respecting living things. This is a hands on session and the children will be given the choice to hold the creatures.

A contribution of a £1 is needed to ensure that Cairis can come in and extend the children’s learning. The majority of the cost is being covered by the Science budget however this does not meet the full cost. Cairis’ visit will be replacing a trip this half term.

To make the contribution of £1, please go online to our payment system https://payments.atomwide.com/redhillprimary

Yours faithfully

The Reception Team
